Performance
Revised

Exercise

Split into groups of three.

Re-do the video-recorded lesson from earlier, i.e.

Within 90 seconds (only!) **explain key ideas from Carpentry lesson episode** *they chose before start of course to another person in group whilst* **third person records it** *(video and audio) using cell phone or similar device.*

Rotate roles **when finished.**

When all complete, **watch all videos as group**. *Everyone* **gives feedback** *on all three videos (including yourself!)*

When all feedback done, return here for following-up.

Exercise Follow-up

*In Etherpad **answer**:*

1. *Are you more or less comfortable watching yourself this time?*

2. *Do you think your lesson is better or worse given the thinking you did while making a concept map?*
